

DICTIONARY QUEEN

Dictionary Queen
The fastest to be seen.

Have you seen her?
That's our Tina.

She gives up her precious time,
To help in a class like mine.

She's the fastest on the draw.
Opening that dictionary to explore.

Finding out what words mean,
She is so very keen.

Just one quick look,
That's all it took

For her to find the word she was looking for.
Then she flicks a page and finds even more.

Dictionary Queen, Tina.
You've made me so much keener.

To have a go at rustling through those pages.
The trouble is it takes me ages.

I want to be fast and clever like you
I want to be quick with the Dictionary too.

So Tina, watch this space do,
Because I want to be a Dictionary Queen too!
